DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of Group I, claims 1 and 2 and the structure as noted in the last response from applicant filed 11/26/2003 is acknowledged. The traversal is on the ground(s) that there is no justification for this restriction under PCT rules. This is not found persuasive because as noted in the prior art the compound is known. Further as noted, the compound is restricted to the elected compound for the reasons of record.

Claims 4-12 remain withdrawn from further consideration by the examiner.

The requirement is still deemed proper and is therefore made FINAL.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical

Art Unit: 1654

Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claims 1 and 2 are rejected under 35 U.S.C. 102(e) as being anticipated by Brazeau et al' 384 or Brazeau et al. '311.

The references each teach the claimed compound.
